

Dear Sir / Madam,

We have recently witnessed your vehicle travelling through Woburn Village, Bedfordshire. This is in violation of the 7.5t weight limit in place since mid-2017.

This letter is to inform you that the violation has been reported to our Parish Council who will be communicating this infringement to Central Bedfordshire Council's highway department.

I would be grateful to have an explanation as to why this infringement occurred and if the driver in question could be warned not to travel through this village unless it's in relation to a collection and / or delivery.

Kindest Regards,
